ABOUT ME

I am originally from Čapljina, Bosnia and Herzegovina, where I completed my secondary education at the Čapljina Gymnasium. I am a third-year undergraduate student majoring in Computing at the Faculty of Electrical Engineering and Computing (FER), where I am pursuing education in the fields of mathematics and computer science on english. I am ambitious and constantly seeking challenging opportunities that can contribute to further sharpening my knowledge and skills in a dynamic technological environment, with the goal of securing good job opportunities in the future.

EDUCATION

Bachelor of Science in Computing

Faculty of Electrical Engineering and Computing (FER)

2021-today
